

# December Family Project

Due: Monday, December 8<sup>th</sup>

Dear Parents,

Family projects are designed to involve each member of the family in your child's development as a learner. This month's family project is to together create a "Family Holiday Banner." The idea is to create a banner that somehow shows your family traditions and favorite part of the holidays. Your child will be sharing their banner with the class before putting them all on display in the hallway.

- ★ Begin with each member of your family tracing their hand on the attached paper. Put them in any order that you'd like.
- ★ Be creative to decorate around each hand using markers, stickers, sequins, or whatever else you have that would make your banner look festive.
- ★ Everyone needs to write their name on their own hand, and inside it, draw their favorite part of the holidays. Be sure to write a few words to describe them as well.
- ★ Put finishing touches on the banner by adding stickers, small photos of your family at the holidays, or anything else that would tell us more about the traditions your family enjoys during the holiday season. Our class is very diverse. I'm excited to learn more about your family traditions. If your holiday falls during another month of the year, that's ok. . . please include your traditions and let us know when it is celebrated.
- ★ Be sure at the top to label it with your family's name, for example "The Anderson Family Holidays."

Have Fun and Happy Holidays to all!  
Mrs. Carson
